

**March 2019**

**Grade 3**

Dear Parents,

We are halfway through the term and now it's time for the assessments.

- Regular assessments are being carried out as part of the lessons.
- All the skills (Listening, Speaking, Reading and Writing) are being assessed individually.
- Quiz 1 papers will be sent with the students.
- Weekly dictations are being conducted as per the word list given at the beginning of the term.
- Students are encouraged to do the corrections; so that the mistakes are not repeated.
- All of the above tests will be used for the purpose of Assessment for Learning.
- Projects are being completed in school. The 4 skills will be tested while presenting the projects. It is very important that all the students do the projects.
- The individual portfolio of the students is being updated. Parents are reminded to discuss the same with their wards.
- Competitions (Spelling Bee and Handwriting) are being held during the first week of March. The students have been informed of the dates.
- The End of Term exam will consist of Listening, Speaking and Writing as per the MOE schedule. Reading was assessed in Trimester 1.
- Parents are to make sure their wards do not miss classes and the assessments without a valid reason.
